RE: CD COPY: FINAL REPORT
HAYES RIVER PROJECT 2004:
LAND-USE LICENCE I #KTL104C032

Please find attached a CD containing the Hayes River Project final activity report for 2004; the project was comprised of reconnaissance sediment sampling on Crown land, as well as on surface Inuit-Owned Lands (IOLs) under Land Licence #KTL104C032.

The CD contains the Hayes report, as well as a copy of this letter and a property overview map. A wall-sized paper copy of the map has been included for the convenience of the Kitikmeot Inuit Association, Indian and Northern Affairs Canada (INAC) regional office in Kugluktuk, the Nunavut Water Board and the Gjoa Haven Hunters and Trappers Association.

I trust that you will receive this CD in good order, which is being sent by First Air air-velope, and that you will be able to open the documents. Please advise by FAX or e-mail upon receipt.

Thank you for your co-operation and for the opportunity to prospect in the Kitikmeot. Please contact me, if you have any questions or concerns.
