Ms. Phyllis Beaulieu
Manager of Licensing
Nunavut Water Board
P.O. Box 119
Gjoa Haven, NU X0B 1J0

Dear Ms. Beaulieu:

Subject: Proposed works or undertakings are not in or near fish habitat.

Fisheries and Oceans Canada (DFO) received the proposal on July 9, 2004, concerning revised spill contingency plan. To expedite future correspondence or inquiries, please refer to your referral title and file numbers when you contact us.

Referral File No.:	04-HCAA-CA7-000-000108
Habitat File No.:	NU-04-0108
Referral Title:	REVISED SPILL CONTINGENCY PLAN

It is our understanding that the proposal consists of revised spill contingency plan, as outlined in the as outlined in the document titled "Spill Contingency Plan – Kikerk/Knife Lake Project".

If the above plans have changed at all, the advice in this letter may no longer apply and you should consult with us to determine if further review is needed.

We have found that the proposed works are not in or near fish habitat and will not likely effect fish or fish habitat. No further review pursuant to the habitat protection provisions of the *Fisheries Act* is needed.

Please note that this letter of advice does not release the proponent from the responsibility to obtain any other federal (for example, the *Navigable Waters Protection Act*), provincial or municipal approvals. If you have any questions concerning the above, or if my understanding of the proposal is either incorrect, incomplete, or if there are changes, please contact me directly by telephone at (867) 979-8011, or by fax at (867) 979-8039.

Yours sincerely,
