Hello,

This is in reference to Laurentian Goldfields Ltd.'s Maze Lake project, NWB water license 2BE-MZE0712.

Due to the expense of opening a camp for the proposed short exploration program this summer, we have decided to run the summer exploration program based in Rankin Inlet. Crews, including all previously proposed local hires, will fly from Rankin Inlet to site & return to town each evening.

The proposed winter 2009 drill program will still be run from the Maze Lake camp.

If there are any questions, please feel free to contact me by email or by phone. Our satellite phone number at the camp where I am currently working is 604-678-4939.

Thank you very much for your time.

Yours,

Geoff Newton
