Richard,

I assume you mean Section 15 in the 060614 Water License Application Form that I left blank. Based on the comment in parenthesis where it states "(unless otherwise indicated, the NWB will consider the application for a five (5) year term)", I interpreted it to mean if it was I left it blank, NWB would default to a 5 year application. Terrane would like it for the 5 year period, if possible.

Please let me know if this clarifies the situation.

Good Morning Patrick;

Before I can send the licence to the board for approval I need to know the term of licence Terrane Minerals Corporation applied for.
