Dear Ben:

Re: Information Request by Joan Scottie

As part of the license renewal process, the public may request copies of the documents used for this process. We have had a request for this information from Joan Scottie of Baker Lake. She also requested that the application form and supplementary questionnaire be translated into Inuktitut. Someone at your department made a request to see this letter, and you had mentioned that you could translate these forms for us. If you could fax the translated forms to Ms. Scottie for us, that would be greatly appreciated.

Please find the attached letter by Ms. Scottie. Her fax number is (867) 793-2227.

Yours sincerely,

Wheatley

Re: Licence Renewal - Nunavut Water Board
Baker Lake Concern Citizens Comm.
Would like a copy of your documents
both in English and Inuktitut for
Kiggavik / Sission Lake project.

If you do not have it in Inuktitut,
we have our own (dialect) translator
but you would pay for the cost.
.25 a word or \$20.00/page.
