Dear Mr. Dwyer

Re: File No: 2BE-YAV0810/TR/B2, H1,I1

According to our records, the NWB licence issued to Savant was 2BE-YAV0810 and not 2BB-BOS0712. The licence issued to us, a copy of which is attached, was granted on August 27, 2008 and expired on September 30, 2010. The purpose of the licence was to use water for drilling and camp use. Since we were unable to carry out the planned program in 2008 due to unavailability of equipment and crew at that time, no work was carried out and no water used or wastes disposed of. Subsequently, during the economic down turn, Savant was unable to secure the funding to carryout the drilling program. For these reasons, no work has been carried out on the property since 2007. The 2007 work program consisted of prospecting and did not use a camp on the property with crews flown out of Sabina Silver's camp at Hackett River.

Through an oversight, Mr. Cote did not file either the Spill Contingency Plan or the Abandonment and Restoration Plan. For the record I have attached the two requested plans as well as an Annual Report for 2008, 2009 and 2010. All of these reports are identical as no work was carried during these periods.

Should Savant decided to carry out a work program requiring a water licence; we will reapply.

If I can be of further assistance, please contact me at the above address.

Sincerely yours

John McClintock
President
Savant Explorations Ltd.
