Re: Acknowledgement Annual Report 2004

Dear Mr. McPherson:

The Nunavut Water Board (NWB) acknowledges receipt on December 16, 2004 of your 2004 Annual Report as required by Part B, Item 1 of your current water licence. The Board has reviewed your report and no further clarification is requested.

As of January 1, 2004, Nunavut has adopted the NWT Waters Regulations under the *Nunavut Waters and Nunavut Surface Rights Tribunal Act* and as such, water use fees are required annually for all active water licenses. Our records indicate that water use fees have not been received for the year 2004 or 2005. The fee of \$30.00 per year can be submitted to the NWB and is payable to the Receiver General for Canada. A water use fee was received with the Application Renewal which will apply to the required fee for 2006.

In addition to the fee requirement, a review of the Licence conditions has shown that the amendment required under Part G, Item 1 pertaining to the Spill Contingency Plan has not been received. In light of the information provided earlier in the year with respect to the 2005 Annual Report submitted in April, it appears as though there will not be any activity foreseeable until 2006. Given that an application for renewal has been submitted and the technically complete documents have been requested for the application, the NWB is not anticipating the submission of the document prior to proceeding with the Licence renewal.

For your future reference, the new *Standard Report Form* for Type "B" licenses is available on the NWB ftp site at the following address under the folder entitled Standardized Forms.

Sincerely,
