Afternoon Mr. Hamilton

Email confirming your project as described below falls outside an approved planning boundary, therefore o NPC conformity determination is required.

Any questions concerns, please do not hesitate.

Brian Aglukark, NPC

Subject: NPC Land Use Plan Conformity Determination

Dear Mr. Aglukark,  
On December 21, 2010 we spoke on the phone about my proposed research project entitled: Metamorphic Geology and Tectonics Research on Cumberland Peninsula, Nunavut.

In order to obtain a Nunavut Water Board class B water licence, I am required to get written confirmation that an NPC land use plan conformity determination will not be required for this project. You confirmed this over the phone, but I written documentation.

Could you please provide me with a written statement that an NPC land use plan conformity determination will not be required for my research project (which is located on the landmass east of Pangnirtung).

If you need any information or documentation from me, please ask.

Thank you,  
Brett
