**Subject:** RE: NPC conformity review necessary?

Having reviewed the application, NPC will not be doing the conformity determination because the location is out the land use plan boundary.

**Subject:** NPC conformity review necessary?

Hello Mr. Suluk,

We spoke earlier today on the phone about an archaeological research project I am planning for this summer (July 31 – August 26, 2009), and whether I need a NPC conformity review. At the moment I am applying for a water license through the Nunavut Water Board and they are requesting that I have a letter from NPC stating whether a conformity review is required for my project. Can you assess my proposed project and let me know if a conformity review is required. I will attach my Nunavut Water Board License application, as well as my INAC Land Use Permit application and my Gov. of Nunavut Archaeology permit for you to evaluate.

If you need to contact me for any reason my phone number is (204) 880-4799, and my email [anne\\_hamilton@umanitoba.ca](mailto:anne_hamilton@umanitoba.ca). I look forward to hearing from you.

-Anne Hamilton
