Subject: Notice of Modification to Quarry Access Road

Dear Mr. Clow,

The Nunavut Water Board (NWB) acknowledges receipt of correspondence dated September 14, 2010 from the City of Iqaluit (Licensee) providing notice of plans to modify the quarry access road between deposits 1 and 2 within the Trail Area quarry permitted under Licence 8BC-TAD0811. The NWB understands that the road and culvert must be widened in order to comply with existing mining regulations.

The Licensee's letter of September 14, 2010, which provides notice of the planned modification and containing two engineered drawings, has been posted to the NWB's ftp site at the following link:

The NWB gives interested parties until **October 24, 2010** to review the modification notice and make representation to the NWB. At the end of the review period the NWB will review all submissions and you will be contacted should concerns arise or should additional information be needed. Please forward all comments to licensing@nunavutwaterboard.org.

If you, or any parties, have any questions concerning the above, please contact the NWB office.

Yours truly,
