

NWB2AST falls outside the boundary of the land-use plan, so conformity review by NPC is not necessary. The application is currently being screened by NIRB, and will be processed by NWB when NIRB completes its determination. Parties involved in NIRB's screening can send their comments directly to NIRB as per their instructions. For all other parties, the Nunavut Water Board is accepting written concerns and comments with regards to this project before **June 15, 2001**.
