nwb2dia

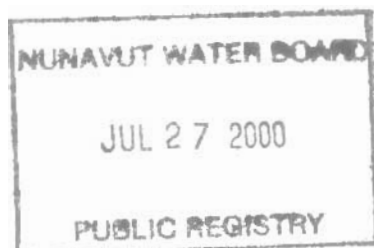

Rita,

After reviewing into the Water Board application #NWB2DIA it has come to my attention that part of the application is situated on the Inuvialut Settlement Region i.e. the camp location. I thought this would be pointed out for your attention. There is no great concern with the project proposal if the NWB incorporates all the usual terms and conditions for water usage plus some others if need be.

Thank you.

Jack Kaniak
