ATTENTION: PHILIPPE DI PIZZO - Executive Director

Dear Mr. Di Pizzo,

We would like to apply for an amendment to our NWB Permit No. NWB 2NOW9901 to permit us to drill on ice. Our original application did not include this, however, we now realize that there is a possibility that we may have to drill on ice.

Both the NIRB Screening decision (99EN129) and the DIAND Land Use Permit (N1999C005) do permit ice-based drilling.

The drill program at Nowyak Lake is scheduled to start on April 5<sup>th</sup>.

Yours truly,  
NAVIGATOR EXPLORATION CORP.
