ATTENTION: DAVID PORTER, Licence Administrator

Dear Mr. Porter,

I would like to apply for a water license for mining exploration work to be carried out in the Nowyak Lake area.

I have enclosed the \$30 application fee, a copy of the current land use permit (pending) and an executive summary in English. I will forward a translated copy of the summary as soon as possible. Various maps and a description of drilling additives and oil spillage supplies to be used are also included.

If there are any omissions or errors in the filing, please feel free to contact me or Ray Cahill at any time during the day

Regards,
