May 12, 2000

Dear Sir;

Enclosed please find our application for our project located near Pistol Lake, 76N/2, west of Bathurst Inlet.

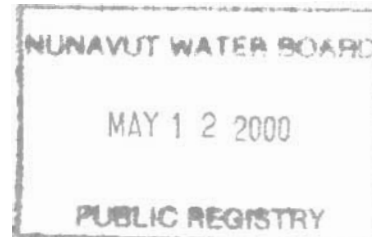

We have acquired 2 claims in IOL Parcel BB38/76 K,N, and are planning a 4000 metre drill program this summer.

As part of our application, we have included maps of the area, and detailed geological maps of the claim. These maps show previous drill locations. We plan on conducting infill drilling on the iron formation.

Should you require further information, please let me know. I will be forwarding the original copies by mail along with the maps and a cheque.

Sincerely,

C. Michael Hine  
Manager – Mineral Development
