**ATTENTION: Lorna Porter, A/Licensing Administrator**

**RE: Application for Water Licence - Wet Coast Capital Inc.  
File No: NWB6WET**

The Water Resources Division has reviewed the application for water licence NWB6WET dated July 4, 2000. The applicant should specify a means of disposal for any sewage or solid waste generated at the base camp. Sewage should be disposed of in a natural sump at a distance of 30 metres or more from any water bodies; solid waste should be incinerated or removed from the site for disposal. Aside from that we have no water related concerns and approve of the application.

If there are any questions or comments regarding the above, please contact me at (867) 669-2649.

Sincerely,

Katherine Silcock  
Project Specialist
