Good afternoon Rob. If there are to be no water crossings or culverts installed then I would say that there is no requirement for a water license.

Regards,

Dear Phyllis

The scope of the project has not changed - in that there is no waste disposal and no use of water. If you require a more detailed submission I would be glad to submit one please just detail the format and relevant information you would need to satisfy your requirements.

Thank You

**Subject:** Request for Renewal of NWB4COH Water License

Dear Ms. Saviakjuk:

The Nunavut Water Board acknowledges receipt of your letter dated June 3, 2009 regarding the above. In June of 2000 the Hamlet of Coral Harbour was advised that a license would not be required for this project. If the project has changed and there will be use of water or disposal of waste then a resubmission will be necessary. Please provide our office with a project description so we can determine if a license will be necessary.

Regards,

Phyllis Beaulieu
