Dear Ms. Becker:

Kugluktuk, NU. Marine Re-supply Site Relocation. Construction of Breakwater and Causeway/docking facility.

The purpose of this correspondence is to request a Water Licence for the construction of Breakwater and Causeway/Docking Facility for the new Marine Re-supply Site in Kugluktuk, NU. The Applicant for this work is the *Government of Nunavut (GN), Department of Public Works and Services (PW&S)*. The client is the *GN Department of Community Government & Transportation (CG&T)*. The Government of Canada is the agency responsible for the Marine Resupply Infrastructure in Nunavut. They are providing the project funding in the amount of \$1.2M.

The Applicant has retained the Consultant *Jivko Engineering* of Yellowknife to submit applications to obtain required approvals before proceeding with the project. *Jivko Engineering* is also the designer and construction manager for the project.

The proposed new Marine Re-supply Facility comprises Breakwater, Causeway/Docking Facility, Marshalling Area, Access Road and Fuel Pipeline with Manifold. The construction of the Breakwater and the Causeway/Docking facility are subject to this application.

The GN, Department of PW&S with the support of the Hamlet of Kugluktuk is proposing to complete this project in spring and summer 2002.

In addition to your office we have contacted the following government agencies:

DFO, Fish Habitat Office, Iqaluit, NT

CCG, Navigable Waters Protection, Sarnia ON

DIAND Water Resource Management Board, Lands Division, Yellowknife, NT

The contact person from the GN is:
