Dear Mr. O'Neil:

Further to the Nunavut Water Board ("NWB") letter of May 7, 2007, we are in receipt of Baffin Building Systems ("BBS") response dated May 28, 2007, wherein BBS requests that the NWB leave the "application open" pending ongoing negotiations with the City of Iqaluit. The NWB is concerned that with the time lapse and given due consideration to the fact that information provided may be outdated once negotiations are finalized, the NWB proposes to close the file. In the future, BBS would be required to reapply if water use or waste disposal into water is contemplated.

If you have any questions or concerns, please feel free to contact our office.

Sincerely,
