Subject: Weststar Resources Corp. – Bache Peninsula Coal Project – New – Type “B”

Dear Mr. Besserer:

The Nunavut Water Board (“NWB”) acknowledges receipt, on October 14, 2011, of your request to withdraw the above noted application for a Type “B” water license.

The NWB has now closed this file. However, if Weststar Resources Corporation pursues this same activity for 2012, please ensure that a water license application is submitted within a timeframe of three to six months prior to start-up of activities, so that all regulators and interested parties have the opportunity to provide comments, and the NWB has issued the necessary license authorizing the use of water and/or deposit of waste.

Sincerely,

Original signed by:

Phyllis Beaulieu
Manager of Licensing
