**Subject: Status of Application and Timeline for Supplemental Materials**

Dear Mr. Baker:

The Nunavut Water Board ("NWB") would like an update on the status of the Type "B" water licence application for the extraction of granular material from the N40 Gravel Pit in the City of Iqaluit. The NWB also requests a proposed timeline for the submission of additional information requirements outlined in the NWB letter to Brad Sokach at the City of Iqaluit dated June 20<sup>th</sup>, 2005 (Re: Receipt of Application) and listed below.

**Additional Information Requirements:**

- a) Abandonment and Restoration Plan
- b) Quarry Management Plan
- c) Measures to reduce water infiltration into quarry site
- d) Asbestos Management Plan
- e) Phase 3 Environmental Site Assessment (including intrusive sampling)
- f) A site specific Spill Contingency Plan<sup>1</sup>

Should you have any questions regarding the above please feel free to contact the undersigned at (867) 360-6338.

Yours truly,
