Hello,

I have been provided with the following application and asked to submit it on behalf of the requesting unit. I have reviewed the application, and I am not sure that this exercise requires an authorization, however I am submitting this application just in case. I did notice that the applicant indicated that this was a recreational undertaking, however it should be "Other" with "Military Exercise" indicated.

please forward any correspondence to me at the email addresses provided. I am currently unable to effectively communicate by any other means that this email address, however if you need to speak to me please send me an email and I will make arrangements to contact you.

Take care
Mike
