Good Day Mr. Gray

Please communicate with me instead of Icol Pierre Huet regarding the following correspondence:

Exercise Sabre Glacé Project, Application for Approval for the Use of Water or Deposit of Waste Without a Licence, my email is in the signature of this msg and I adjusted the application to reflect this email.

I acknowledge that the Nunavut Water Board has determined that our application was incomplete and that the two following parts still need to be filled out – English and Inuktitut project summary and – Approval issued to whom.

I revised our documents and am not seeing where this could fit in the application...I assume it goes in section 7. I put an English description of our project but my Inuktitut is not very good. Regarding approval issuance, it should be issued to our Unit – 12 RBC or 12e Régiment Blindé du Canada.

The following document contains the proper project description and email contact address. I hope this answer the requirement.

Thank you for your support.
