Good afternoon,

We have not submitted the application to NPC as the project is due to take place on Inuit Owned Lands for which my organization is the Designated Inuit Association and legal land owner. As such the project does not require Government approval which, to the best of my knowledge, means that NPC would not be involved in the process.

If this is incorrect then please let me know and I can investigate what involvement NPC should have in the matter.

Kind Regards,

Good afternoon Ross,

Please confirm if you have forwarded your application to NPC for a conformity determination?

Regards,

To the NWB Manager of Licensing,

please find attached a cover letter and completed application for the Use of Water and the Deposit of Waste without a License. This is to cover some remediation work and camping activities that QIA will be running on its own lands over August and September periods 2016.

If any further information or clarification is required please do not hesitate to contact me on the numbers below.

Kind Regards,
