Based on the information provided indicating no use of water or potential for deposit of waste into water, this activity does not require a water licence.

Regards,

DISTRIBUTION

Please find enclosed a copy of an application for a Science Research Licence from Terry Prowse, Environment Canada / Water & Climate Impacts, University of Victoria.

Terry Prowse's research is titled "Climate change effects on the hydro-ecology of Northern lakes" and is proposed to take place from April 1, 2009 to August 31, 2009.

As per the Scientists' Act of Nunavut, community consultation is required before a Science Research Licence can be issued. The documentation is provided for your information and review. A Reviewer Recommendation

Form is enclosed for your response by March 13, 2009.

Thank you for your continued assistance. Please contact our office if you have any questions or concerns regarding the above.
