Very good. Thanks for letting me know.

Thanks...I forgot to let you know that Richard emailed me back and said I don't need to fill out a license...

Hi Moosie,

Our file indicate the application was for a recreational cabin. I assume the water use was for domestic purposes only.

However, I am unable to determine weather or not a water license is required.

I will call Richard to discuss.

Sorry,

Spencer

Hi, could you please have someone in your department to let Richard Dwyer from licensing know that Jimmy and I do not need to apply for a water license. And for him to shred the old application that we filled out because it was given to us to fill out when we didn't have to...

Our cabin is only for recreation and Richard is asking me questions about a project that isn't even going on... We took care of this already with everyone back then and now it's coming back to me 3 years later... Thank you!

Moosie Qaunirq

Hi Moosie;

What type of activities are involved with your project?
