Hi Robin,

As per AANDC's e-mail (Eva Paul, Mar 3, 2014), a final inspection for **2BE-ASH0611** will not be undertaken until the requirement with respect to the reclamation of drill activities has been fulfilled. This will require that the Licensee (Ms. Kwong with Vaaldiam, Ms. Westcott with Stornoway) provides a report that documents and confirms that all reclamation activities have been completed.

In the case that I am no longer employed by the Board by the time this report and the subsequent AANDC inspection is conducted, I have provided a draft Board Memo and Closure Letter for this Licence. Please ensure these are filed appropriately so that they may be used by licensing and technical staff when it is appropriate to do so.

Thanks,

Cory Zyla- d4n 7Δc
