## Dear Sir:

The Department of Fisheries and Oceans has contacted our office regarding activities currently underway in regards to the above. Please note that these activities require a water license application, which we have not received. Please advise as soon as possible when we can expect same. Take note that in accordance with the Nunavut Waters Act "...no person shall use, or permit the use of, waters in Nunavut except in accordance with the conditions of a licence."

Please respond by email to licensing@nwb.nunavut.ca. Thank you.
