Subject: Submission of the 2008 Annual Report for the Blue Caribou Project; Licence No. 2BE-BLU0812

Dear Mr. Yule;

The Nunavut Water Board ("NWB") has completed a technical review of the 2008 Annual Report. The Report included an up to date plan entitled "Spill Contingency Plan Skybridge Development Corporation" dated December 19, 2008. The Annual Report and Spill Contingency Plan were found to be mostly complete and have been accepted by the NWB.

The Licensee is reminded for future Annual Reports, although the 2008 Annual Report was very thorough, GPS coordinates should be clearly identified for all water source and waste disposal locations.

Should you have any further questions, please feel free to contact the undersigned at (867) 360-6338, at your earliest convenience.

Yours truly,
