Hi Sean,

If this is a Type B water license that does not require a hearing, it should have been exempted under Section 12-1(5), not 12-1(2). Sorry for any confusion this may have caused.

However, if this is a Type B water license that does require a hearing, please forward the application as the NIRB will be required to screen the project.

Please let me know if you require further information, and have a great weekend!

Tara Arko
