**RE: 120813 2BE-CGR1012 Cancellation – Stornoway Diamond Corp. – Kitikmeot Region**

Stornoway Diamond Corp. has submitted to the NWB an application for the cancellation of water license 2BE-CGR1012 for the Coronation Gulf Region Project. Environment Canada (EC) has reviewed the above-mentioned request for cancellation as submitted to the Nunavut Water Board. At this time, EC has no objections to the cancellation of the license so long as the proponent has met all abandonment and restoration obligations as laid out in Part I of the water license and the site meets Aboriginal Affairs and Northern Development Canada inspection approval.

If there are any changes in the project EC should be notified as further review may be necessary. Please do not hesitate to contact the undersigned with any questions or comments with regards to the foregoing at (867) 975-4631 or by email at [Paula.C.Smith@ec.gc.ca](mailto:Paula.C.Smith@ec.gc.ca)
