**RE: Licence No. 2BE-CGP1012: Submission of 2011 Annual Report by Stornoway Diamond Corporation for the Coronation Gulf Project**

Dear Ms. Westcott:

The Nunavut Water Board (“NWB” “Board”) has conducted an internal review on the 2011 Annual Report received from Stornoway Diamond Corporation in accordance with the requirements under the Licence issued to the Coronation Gulf Project, located 110 kilometres southeast of Kugluktuk, within the Kitikmeot Region of Nunavut. The review determined that the report is acceptable and generally consistent with the reporting requirements under Part B, Item 2 of the terms and conditions in Licence 2BE-CGP1012. The Licensee should note, however, that future Annual Reports should include an executive summary in Inuktitut as required under Part B, Item 10 in the Licence.

The Board received the above-referenced report on March 30, 2012 and distributed it for information purposes on April 10, 2012. To date, the Board has not been in receipt of any comments from interested persons with respect to the report. Public access to the document has been provided through the NWB’s FTP site using the following link (User Name: “**public**”; Password: “**registry**”):
