Dear Phyllis Beaulieu

Enclosed with this email is the NWB application for a water license along with an extended abstract of the type of work program and mitigation procedures that Uravan Minerals Inc. will undertake during its winter airborne geophysical program in the Garry Lake area, ~245 km northwest of Baker Lake, Nunavut, an Inuktitut translation of the former and the exploration questionnaire.

I remain available to answer any additional questions or clarify aspects of the winter exploration program that are relevant to this application.

My telephone numbers are: office: 613-2315656 or 613-2301676; fax 613-2308700 and email:
