Subject: Expiry of License NWB2HEE0304

Dear Ms Stritychuk;

This is a reminder that your license, NWB2HEE0304 for water use and waste disposal, expires on December 31, 2004.

As indicated in the license, a summary report needs to be submitted to the Nunavut Water Board. This report should include information about activities for the above license, water quality data, abandonment and restoration of the site, list any unauthorized spills and the follow-up action taken, and any other relevant water use and waste disposal information.

Should you wish to continue with the exploration, you will need to file an application for renewal of this license. An application form and supplemental questionnaire are available through the internet on our ftp site at <http://ftp.nunavut.ca> in the folder NWB GENERAL ADMINISTRATION. Please note that we prefer to get as much of the application as possible by e-mail to licensing@nwb.nunavut.ca. For an application to be deemed complete, the following documents are required:

- completed application form
- relevant maps and drawings (maximum size 11" x 17")
- completed supplemental questionnaire
- executive summary in BOTH English and Inuktitut
- application fee of \$30 payable to "Receiver General for Canada"
- water use fee of \$30 payable to "Receiver General for Canada"

We look forward to receiving your application or summary report. Should you have any questions or concerns, please do not hesitate to contact our office.

Sincerely,
