Dear Mr. di Pizzo;

**RE: AMENDMENT TO WATER LICENCE APPLICATION 2BE-KAZ - PACIFIC RIDGE,  
BAKER LAKE PROJECT**

In response to information provided by the Nunavut Impact Review Board we are submitting for your review the following changes to our original program.

The main camp will now be located on the west side of Bissette Lake at approximately 7075500N, 379000E (UTM coordinates). There are now only three fly camps being proposed for this program:

- South of Bissette Lake- approx UTM coordinates - 7064000N, 383000E
- West side Shane Lake - approx UTM co-ordinates - 703000N, 400000E
- NE of Shane Lake - approx UTM co-ordinates - 706000N, 404000E

See attached map showing the location of these camps and the drill areas. As well we have attached a copy of our Environmental Protection Plan which addresses caribou mitigation measures as well as other environmental procedures and timing of our proposed program.

If you have any further questions or require any additional information, please do not hesitate to contact George Norman at (604) 687-4951.

Sincerely,
