Subject: Amendment to water licence 2BE-KAZ0609
Dear Mr. Norman,

The public review period was completed, and some intervenors provided their comments and the NWB has already put them on the following ftp site:

ftp:nunavutwaterboard.org

User name: public

Password: registry

Folder: 2BE Exploration/2BE-KAZ/2006 Amendment/Comments & Intervenors
2BE Exploration/2BE-KAZ/Technical Review/F1 Uranium Exploration Plan/Comments & Intervenors

If you would like to respond to the comments and further address their concerns, please feel free to do so and communicate with us, and that would help the water licensing process proceed. The concerns include, but not limited to:

Keewatin Regional Land Use Plan;

Application Form and Questionnaire, Spill Contingency Plan with increased scope of exploration activities;

Incineration and waste management.

Best regards,

Zhong Liu, MAsC., MBA, MSc.
