Good afternoon Andrew,

Please note that our only active project in Nunavut came to an end in August 2013 and Final Plans were sent to both NWB and AANDC for our Water Licence and Land Use Permit respectively in December 2013. The Final Plans were accepted and both the Land Use Permit and Water Licence were canceled in 2014 by AANDC and NWB.

Should you have any questions or concerns please do not hesitate to contact me.

Kind regards,

**Clayton Pearson, P. Geo.**

Good afternoon,

Aboriginal Affairs and Northern Development Canada's Field Operations Unit is in the process of risk-prioritizing all projects receiving Federal Authorizations within the Nunavut Territory.

This includes all Water licenses, Land Use Permits, Leases and Quarry Permits issued by either the Nunavut Water Board or Aboriginal Affairs.

AANDC will use the results generated by this process to facilitate inspection planning for the upcoming 2015 field season.

AANDC asks that Licensee's to fill out the attached Project Assessment Check for each project you are operating in the Baffin Region and return it within 30 days. If you completed one of these forms in 2014 please update any new

information on the enclosed 2015 form adding any new authorizations or noting any closures/ Cancellations or renewals that have taken place over the last year.

Please fill out one sheet for each project, and note this will include any projects still in the licensing or permitting process.

If known, please include any anticipated dates of activities for 2015 field season in the comments section.

If your project was completed over the last year or the License has expired and you have no plan to renew the License, please ensure that a request has been made to the Nunavut Water Board to cancel the issued Water License.

That cancellation request should be sent to;

Phyllis Beaulieu  
Manager of Licensing  
Nunavut Water Board  
[Licensing@NWB-OEN.CA](mailto:Licensing@NWB-OEN.CA)

Additionally, If your project was issued a Quarry Permit or Land Use Permit by the Lands Department, AANDC, and you have completed your project in 2014 or in a prior year, please ensure you have submitted a Final Plan and that a Request for Closure has been sent to;

Tracey McCaie

Iqaluit, NU

Please forward the Assessment forms to Erik Allain, Manager of Field Operations [Erik.Allain@aaned.gc.ca](mailto:Erik.Allain@aaned.gc.ca) (copied above) by February 28th, 2015.
