**Re: Extension for Comments on NIRB File # 06AN085 & # 07EN005 Project Proposal**

Dear Ms. Yeh:

Thank you for letter dated February 19, 2007 (attached) in which you request extensions to complete your reviews of NIRB file #'s 06AN085 (AREVA's Kiggavik-Sissons Exploration) and 07EN005 (Western Uranium Corporation's Thelon Basin).

As per your request, please be advised that the Nunavut Impact Review Board (NIRB or the Board) has approved an extension to your department for submission of your comments on both AREVA's Kiggavik-Sissons Exploration Project Proposal and Western Uranium Corporation's Thelon Basin Project Proposal. Should interested parties have any additional comments; the Board invites them to submit their information to the NIRB by March 12, 2007.

Please be advised that the NIRB may provide the Proponent with all comments received to date. This is to allow for a response to any comments or concerns with the project proposal.

In addition this correspondence serves to inform the Minister of Indian and Northern Affairs (INAC) that the request for an extension for file #06AN085 (AREVA's Kiggavik-Sissons Exploration Project Proposal) dated January 22, 2007 be changed from February 28, 2007 to March 19, 2007.

If you have any questions or concerns, please contact Leslie Payette at 867-983-4615 or [lpayette@nirb.nunavut.ca](mailto:lpayette@nirb.nunavut.ca).

Sincerely,
