RE: Water Licence Inspection for 2BE-TIM0813

Ms. Chadwick,

On August 10, 2012 an inspection was conducted at the general location given in the 2BE-TIM0813 licence. As no camp was associated with this licence, the coordinates given in the licence are described as 'general'. Nothing was found at these coordinates.

A review of this file shows that while activity occurred from 2004-2007 on this property, *no coordinates associated with the activities undertaken were ever submitted to the Board* in the annual reports. Therefore I cannot say with certainty that the activity conducted under this licence has received a fulsome inspection.

Please provide coordinates for activities undertaken in association with this project.

Please do not hesitate to contact me if you have any questions.

Regards,

Eva Paul
