Strongbow Exploration Inc. ("Strongbow") is requesting the official closure of Nunavut Water Board License 2BE-TRE0608. This license was a renewal of Nunavut Water Board License 2BE-TRE0406.

This license authorized water use and waste disposal activities for camp locations and drilling operations that were proposed for the Tree River project, located within the Kitikmeot region of Nunavut.

Limited exploration work was conducted on the property, and water was only utilized during a three week period spanning from July 16, 2004 to August 7, 2004 when a series of three temporary, short term fly camps were established. Upon leaving each fly camp location all equipment was removed from the area and little to no evidence was left of the land use activity.

No drilling activities were conducted under the authority of this license.
