Re: Acknowledgement Receipt of Annual Report 2004

Dear Ms. Westcott:

The Nunavut Water Board acknowledges receipt on February 21, 2005 your 2004 Annual Report as required by Part B, Item 1 of your current water licence. The Report has been reviewed and has been accepted as submitted along with the new MSDS's as an addendum to the approved Spill Contingency plan.

The Board requests that the following information be clarified in the 2005 Annual report due no later than March 31, 2006:

1. One proposed camp location is licensed for water use under NWB2TRE0406, however three different camp locations have been reported in the 2004 Annual Report under section (i) of the standard report form along with water use locations in section (v.2). An amendment to the Licence is required;
2. Water volumes are reported in Litres per day; the Licence requires volumes to be reported in cubic metres per day.

Please call the undersigned at (867) 360-6338 or email at licensing@nwb.nunavut.ca if you have any questions. A revised Standard Report form is located on the NWB ftp site in the following folder:

Sincerely,
