4 March 2010

Dear Sirs:

I am writing to you to request permission to use your community waste facility (dump). We will be setting up two temporary tent camps each on Victoria Island and King William Island this summer (June and July) to study shorebirds. We have submitted letters to the Hunters and Trappers Associations to advise the communities of our intent and applied for the appropriate permits.

We will be flying out all of our garbage out when we take down our camps and anticipate that we will need to dispose of approximately 10 household-sized bags of garbage in each community. We are asking for your permission to dispose of this waste in your landfill. If your community waste facility has waste disposal or tipping fees, please let me know where and how to pay these fees when we are in town.

As we require your approval as part of our permits we have applied for, could you please indicate on the bottom of this letter if you will grant this permission or not (by circling and signing), and then return this letter by fax to (867) 873-6776. If you have any questions, please contact my technician, Lisa Pirie, at (867) 669-4734.

Sincerely,

Jennie Rausch  
Shorebird Biologist  
Canadian Wildlife Service  
Ph: (867) 669-4709 Fax: (867) 873-6776  
Email: jennie.rausch@ec.gc.ca

Permission is / is not (circle one) granted for the shorebird research camps from the Canadian Wildlife Service to use our dumping facilities to dispose of their household waste (~10 garbage bags) upon completion of their field research, summer 2010.
