Subject: 3BC-AWW0814 - Request to withdraw application
Date: Friday, January 16, 2009 1:40:00 PM

Good afternoon Eric – I have had the INAC Water Resources Manager take a look at your application for amendment and based on the information received it has been determined that since no water is being used and there is no waste disposal there is no need to apply for this amendment.

If you would be so kind as to submit a letter of withdrawal we will cancel this application. As you currently have a licence that is valid through to 2014, I would ask that you continue to submit the necessary annual reports on a yearly basis but providing that nothing changes, this would be the only requirement at this time.

Regards,

Phyllis Beaulieu
Manager of Licensing
