Hi guys,

We received a positive conformity determination from NPC for the above file (attached). Are you aware of any INAC authorizations associated with Martin Sharp's Devon Icecap Project (NWB: 3BC-BGI)? We previously screened the NRI portion of this project in 2006 under NIRB file # 06YN079. If there is a Class B INAC application, we would consider part of the scope of the original proposal.

Phyllis - If this is only a new application for a Class B with the NWB – it would appear to be exempted under 12.4.3.
