Hi Phyllis,

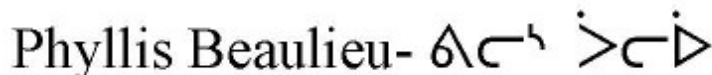

While I did not attend the location they proposed for a camp I was in the area of the camp used in 2009 and found no evidence of their prior use.

I can recommend the file for closure based on this.

Erik will do up the official letter and forward to the Board upon his return from Duty Travel.

Cheers
Andrew

Good morning Andrew, just checking to see if you've have a chance to review this file and provide AANDC clearance to close.

Hi all,

Andrew is the inspector on this file and may have information on this matter, if he confirms the file can be closed without an inspection since there was never anyone on site I'm ok with the file being closed.

Andrew please provide feedback on this issue,

Thanks

Erik

Hi Phyllis,

The Water Resources Division is ok with what was submitted so long as it is confirmed by the Field Operations

Division. They would have the final say from AANDC based on their final inspection of the site.

Thanks,

Jean

Hi Jean, so the attachment I sent to you indicating they did not go on site at all is not sufficient for this? They would need to confirm and be more elaborate in their explanation? As well, a final inspection would need to be carried out?

Regards,
