Good afternoon,

Re: 8BC-MEL---- New Water Licence Application - Pre-development Meliadine

-

The NPC has considered the recent emails regarding this file, and reviewed archived records. It is apparent that the work entailed was previously reviewed by both NPC and NIRB, and that there have been no significant modifications to the project under the current application.

Further to the correspondence from August 6, 2015, the NPC confirms that the application does not require a further review by the NPC, at that the application is exempt from screening by the NIRB.

Thank you.
