Hi Jeff,

I was provided a copy of Part E item 3.

8BC-MEL1516 Part E item 4

The licensee shall submit to the Board for review, within ninety (90) days of the completion of any structure designed to contain, divert, and retain waters and/ or wastes, a construction Summary Report prepared by an Engineer that includes as built plans and drawings, documentation of field decision that deviate from original plans any data used to support these decisions.

May 31st was the due date for the April Monthly monitoring report. The report submitted failed to meet the requirements of the Inspector's direction found in the May 25 inspection report. Please send me a revised copy before June 6th 2016.

Regards,
Christine
