Licence No.8BC-MRY1416

Dear Mr. Hack:

Consistent with the Nunavut Water Board's (NWB or Board) commitment included in the Reason for Decision¹ associated with Amendment No. 1 issued to the Mary River Project under Water Licence No. 2AM-MRY1325 (Type "A" Licence), the Board is in the process of giving due consideration to the cancellation of Licence No. 8BC-MRY1416 (Type "B" Licence) given that the entire scope of the Type "B" licence has been incorporated into the Type "A" licence.

Prior to the Board issuing a decision on cancellation of the Type "B" Licence, the NWB is seeking confirmation from Aboriginal Affairs and Northern Development Canada (AANDC), Field Operations Division, on whether or not there are any outstanding compliance issues or concerns related to the file that the NWB should consider in its decision. The NWB will appreciate receiving some feedback regarding this matter prior December 17, 2015.

If you have any questions regarding this correspondence, please contact the NWB Licensing Department at Licensing@nwb-oen.ca.

Regards,
