Hello Cynthia,

I am writting to confirm that the project will take place at the northern end of Ellesmere Island. I believe this is considered North Baffin region by NWB. I have attached a map of the study site. There are no official digital map layers of the ice shelves at all, so this is missing, but you should see the glacier and the camp locations as per the coordinates that I supplied in the application.

I got your voice mail as well. If you would like me to phone and discuss this, please reply to the email and I will do my best to reach you.

Thank you,
Derek
