Dear Mr. Cote, Ms. Ohokannoak, Dr. Harper:

**RE: NPC File # 148298 Surface Water Quality in Iqaluit, Nunavut**

The following works and activities have been proposed in the above-noted project proposal:

1. Scientific Research: Enhance NRI's community-based water monitoring program to include testing for parasites. Water will be collected and put in 120mL sterile bottles for testing. An additional 25-50 litres will also be collected for testing.

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has determined that this project proposal is outside the area of an applicable regional land use plan. The project proposal requires screening by the Nunavut Impact Review Board (NIRB) because it does not belong to a class of exempt works or activities set out in Schedule 12-1 of the Nunavut Land Claims Agreement (NLCA).

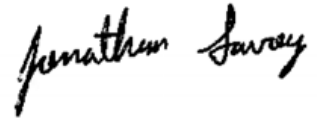

By way of this letter, the NPC is forwarding the project proposal to the NIRB for screening. Project materials are available at the following address:

<http://npc.strata360.com/portal/project-dashboard.php?appid=148298&sessionid=>

This conformity determination applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required.
